29238 Brest Cedex 3

Object: Letter of support to the response of the consortium coordinated by Télécom Bretagne, l'Institut Mines Télécom (response to the call for network from generic ANR 2013)

Dear Colleague,

I am happy to confirm by this letter the support of my research team Learning Technology and Educational Engineering Laboratory, School of Humanities, University of the Aegean, Greece to the network project ORPHEE, coordinated by Télécom Bretagne, Institut Mines Télécom, on behalf of a consortium associating French research teams on e-education, bringing together various disciplines such as human sciences, education, computer science.

This network is a great opportunity for us to strengthen the e-education community at the European and international level and it will facilitate our collaborative research.

A handwritten signature in black ink, appearing to be 'A. Dimitracopoulou', with a long horizontal line extending from the end.

Prof. ANGELIQUE DIMITRACOPOULOU
